

AIRTRAK-CS
Comb Strip
Supplied by Nicholson
Tel 0845 0098 980
Web www.nicholsonsts.com

Material
MDPE

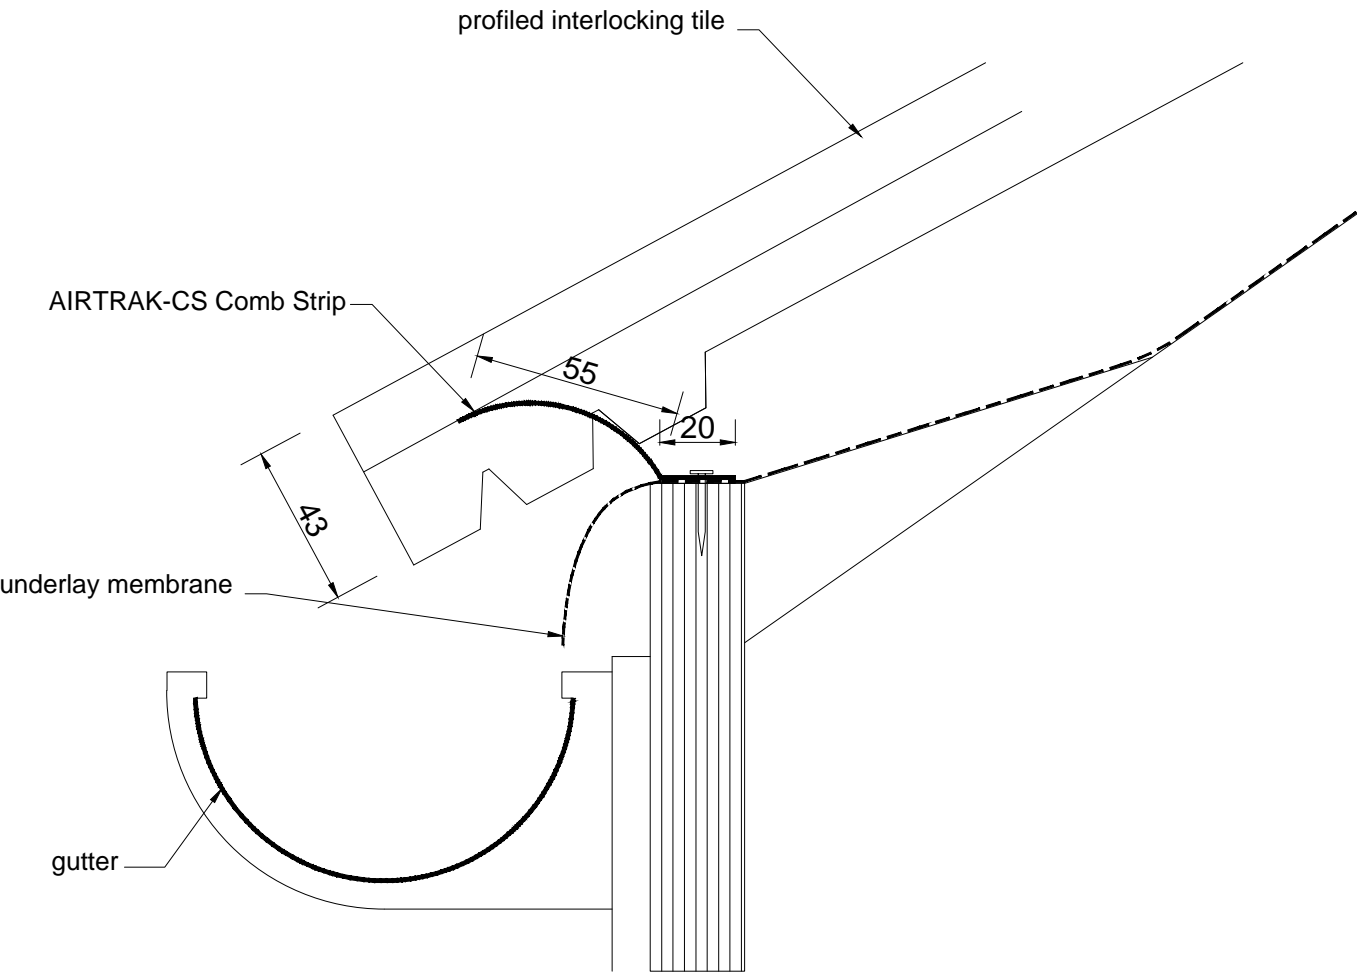

Ventilation
Minimal ventilation

Dimensions
OA width 55mm, length 1000mm

Compatibility
Comb strip for profiled interlocking tiles

Installation
The CS is nailed to the top of the fascia board through the roofing membrane. Care should be taken to ensure that the roofing membrane is free draining with no back fall or ponding. The lengths should be butted together and can be trimmed to length using a sharp knife. Once fitted the tiles are laid over the CS.
